Cause for Concern—E Safety

There have been a lot of conversations amongst the children regarding the game Fortnite. This game is an age 12 and is not appropriate for our younger children. This is most evident in the children's conversations shared in school. At least 8 children are playing on this game. St Nicholas Middle School has also sent out an advisory letter—regarding the impact such games can have on children's behaviour. Recommendations are on our E-Safety Policy on the website.
